

Little Children, Big Potential

Starting school is an exciting milestone for children and their families. At EIPS, we offer a wide range of rich early learning programs that support each child's academic, social and emotional development to prepare them for success in, and out of, school.

Your child will learn:

- early literacy and numeracy
- citizenship and identity
- environment and community awareness
- personal and social responsibility
- physical skills and well-being
- creative expression

Learning through play

Kindergarten is an exciting time at EIPS. Learning takes place in literacy-rich environments where children are encouraged to explore and discover through purposeful play-based activities. Guided by qualified and caring teachers and educational assistants, children learn how to express themselves, self-regulate, take risks and problem solve while also building skills and knowledge in literacy, numeracy, decision-making, citizenship and creative expression.

Find your school at www.eips.ca/schools/boundaries

Specialized Education

EIPS also offers Play And Learn at School (PALS), a pre-kindergarten intervention program for early learners, between the ages of 3 and 5, who have developmental delays. Through small class sizes, play-based learning and additional services, children are provided with the supports they need to reach their emotional, social, intellectual and physical developmental milestones.

Eligibility is guided by the criteria outlined by Alberta Education. For assessment or referral see your health-care provider, visit your local health centre or contact EIPS.

Wondering if it's time to register?

Children who are five years old on or before December 31, can register for kindergarten in September of that year.

To register, fill out the online [New Student Registration Form](http://www.eips.ca/registration) at www.eips.ca/registration

You'll also be asked if you require busing services and to upload a copy of your child's birth certificate and proof of residency.

All aboard!

EIPS offers transportation services for students travelling to and from all of its schools. Families using busing services can also take advantage of the Versatrans My Stop app—real-time bus location, estimated time of arrival and scan times—and the Little Elk Island Adventure, a fun and informative program for first-time riders.

Fees may apply depending on the school choice, program and distance criteria.
